

## Deputy mayor gets on his bike for a good cause

MANDURAH deputy mayor Darren Lee recently rode the Mandurah-Bunbury leg of the round-Australia cycling event – the Great Australian Bike Ride.

The ride was aimed at raising awareness of mental ill-

ness and financial support for research undertaken by Australian Rotary Health.

Cr Lee's interest stemmed from his love of cycling and his support for the cause.

"I've cycled all my life so when I learnt the Great Aus-

tralian Bike Ride was coming through Mandurah I jumped at the chance to take part," he said.

Mental illness will affect one in five Australians during their lifetime and impact families tremendously.
